

WHAT TO LOOK FOR

Fig.1

Fig.2

Fig.3

When you arrive at St Marks Hospital you will need to make your way to the Outpatients Department car park.

Please see Fig. 1 – Entrance to Outpatients Department

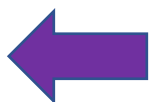

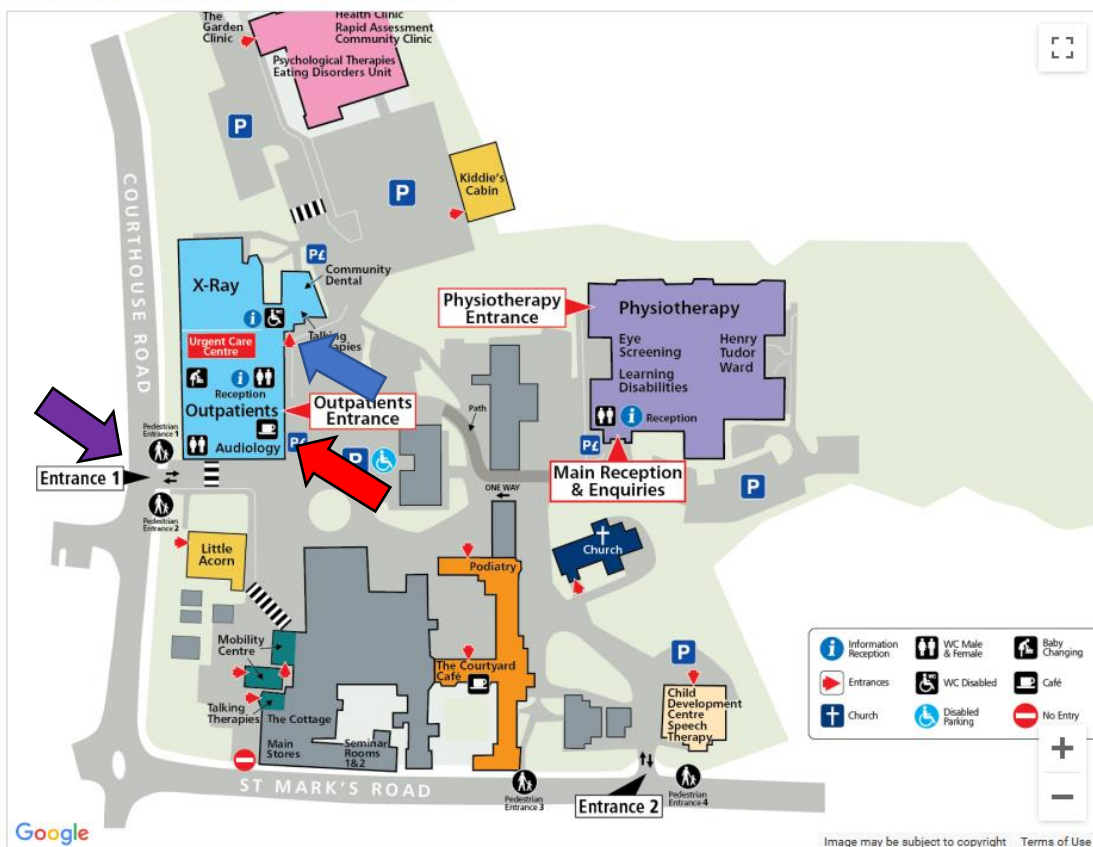

Fig. 2 entrance to reception.

When you text to let us know you have arrived the nurse will initially text you to ask you to remain in your car. As soon as the rooms are prepared for you she will text you a second time.

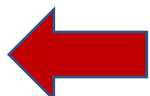

The second text will ask you to stand to the left of the Out patients department entrance (see figure 1) and she will come here to collect you. She will bring you into reception and ask you to sanitise your hands with the gel provided.

You will then be taken to the treatment room. (Fig 3 outside the treatment rooms)
